Introduction

The Metropolitan Opera's 2011-12 season was marked by an impressive string of artistic successes, while the company continued to address a challenging financial situation in ways that wouldn't affect the high quality of productions. The company presented seven new stagings during the 2011-12 season, including the final two installments of a new Ring cycle, the Metropolitan Opera premiere of Donizetti's Anna Bolena, and the world premiere of a new Baroque pastiche, The Enchanted Island, conceived by the Met. All seven new productions, along with four revivals, were presented in movie theaters around the world as part of the Met's Live in HD series, which has enabled the Met to assume a global leadership position as a provider of special cinema content. The Live in HD series continued to be a money-maker for the Met, earning \$27.1 million. Combined earned revenue for the Met (Live in HD and box office) totaled \$121.5 million.

The 2011-12 season once again brought together the finest singers, conductors, directors, designers, choreographers, and video artists in the world. Such extraordinary directors as Robert Lepage, Phelim McDermott, David McVicar, and Laurent Pelly returned to create new productions, with Michael Grandage and Des McAnuff making directorial debuts with the company. The culmination of Lepage's new Met Ring cycle was the talk of the opera world, and the new Baroque pastiche *The Enchanted Island*, devised and written by Jeremy Sams, represented a remarkable new creative endeavor.

The world's greatest singers were in full force in new productions this season, including Joyce DiDonato, Anna Netrebko, Marina Poplavskaya, Deborah Voigt, Piotr Beczala, Plácido Domingo, Jonas Kaufmann, Mariusz Kwiecien, and René Pape, among others. Unfortunately, injury kept Music Director James Levine off the podium for the entire season. As a result, Principal Conductor Fabio Luisi assumed an expanded workload, leading performances of Don Giovanni, Manon, La Traviata, and the complete Ring cycle. Other important conductors on the season roster included Harry Bicket, William Christie, Louis Langrée, Yannick Nézet-Séguin, Gianandrea Noseda, and Kirill Petrenko.

Total box office for the season was 78.4%, less than a point below the previous season's results. New productions of Anna Bolena and Manon and revivals of La Bohème, Madama Butterfly, and La Traviata all sold out their runs.

The Live in HD season continued its remarkable growth, with the global network expanding to reach 54 countries and an additional 200 movie theaters. Total attendance grew from the previous season to just over 2.5 million. The series was once again supported by its founding sponsor, the Neubauer Family Foundation. Bloomberg provided global corporate sponsorship. The HD Live in Schools program grew to reach 25 school

districts in 19 states. Performances were also shared through Metropolitan Opera Radio on SIRIUS XM, which presented 102 live performances, and on the Met's website, which streamed 33 live performances. The season-opening new production, of *Anna Bolena*, was presented live to audiences in Times Square and on the Lincoln Center Plaza for the sixth consecutive year. Twenty-one live Saturday radio broadcasts were heard over the Toll Brothers–Metropolitan Opera International Radio Network.

The Met's amounts available from fundraising to support operations including net assets released from restrictions were \$150.3 million in FY12, compared to \$140.8 million in FY11.

In 2011-12, a number of new members joined the Met Board of Directors and others took on new Board roles. Jerry del Missier, John J. Noffo Kahn, Hartley R. Rogers, and Robert L. Turner all became Managing Directors. Tod Johnson, Meyer G. Koplow, Dominique Laffont, Andrew J. Martin-Weber, Katharina Otto-Bernstein, and Jacqui Smith became Advisory Directors. Dr. M. Lee Pearce became an Honorary Director, and Beatrice Esteve was elected as a Member. Diego De Giorgi, Stephanie Potter Foster, Helen Lee-Warren, Itai Shoffman, and Dale Westreich were all appointed Young Associate Directors.

Kevin W. Kennedy assumed the role of President and Chief Executive Officer, and he and I continued to work very closely with William C. Morris, who became Chairman of the Executive Committee. We all once again enjoyed a close and productive collaboration with General Manager Peter Gelb and Music Director James Levine.

The Arnold and Marie Schwartz Gallery Met

Exhibitions included the second two installment of a four-part series of shows coinciding with the Met's new productions of Wagner's Der Ring des Nibelungen: artist Peter Doig created Siegfried + Poster Project on the occasion of Siegfried, while artist Dana Schultz's Götterdämmerung was timed to the premiere of the titular opera.

In addition, the Met co-presented related events around the city, as well as activities with the Metropolitan Opera Guild.

The Financial Results

2011-12

2012 Unrestricted Operating Revenues

2012 Operating Expenses

Note: The Metropolitan Opera fiscal year runs from August 1 to July 31.

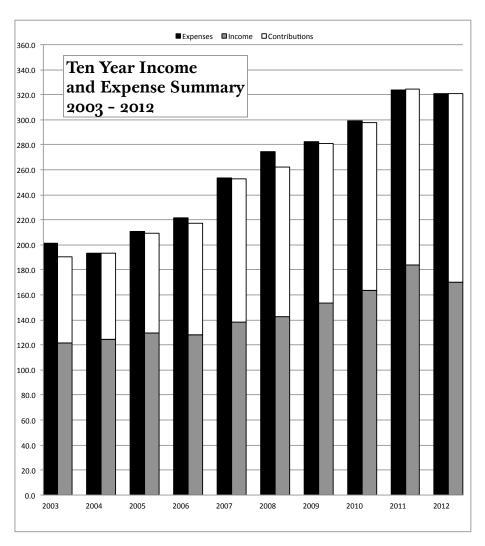

Operating revenues in Fiscal Year 2012 totaled \$170.2 million, compared to \$184.0 million in Fiscal Year 2011. The change is largely attributable to the Japan Tour that took place during FY11. Operating revenues include box office revenues from the New York season, tour revenue, media revenues, revenues from outside presentations, and amounts drawn from the Association's endowment. Opera box office revenues totaled \$94.4 million, slightly below the \$94.7 million in FY11. Media revenues were \$33.3 million in FY12, compared to \$33.5 million in FY11. Presentation revenue was \$8.0 million in FY12. Additional presentations in FY11 resulted in higher revenue of \$10.7 million. Authorized spending from the Association's endowment and reserves included in operating revenues totaled \$21.9 million compared to \$21.4 million in FY11.

Contributions and other development revenues allocated for operations totaled \$150.3 million in FY12 and \$140.8 million in FY11. Individual support continues to be the largest source of contributions, amounting to \$126.3 million and \$115.2 million in FY12 and FY11, respectively. Foundation and corporate support totaled \$23.3 million in FY12 compared to \$25.1 million in FY11. Government agencies, including the National Endowment for the Arts, the New York State Council on the Arts, and the New York City Department of Cultural Affairs, contributed a total of \$0.7 million and \$0.5 million in FY 12 and FY 11, respectively Fundraising expenses totaled \$15.3 million, or 10.2% of operating contributions in FY12, an increase from \$14.2 million or 10.1% of operating contributions in FY11.

Total operating expenses excluding fundraising expenses were \$305.3 million in FY12, a decrease of \$4.6 million or 1.5% from \$309.9 million in FY11, primarily due to the FY11 Japan tour. Total compensation and benefits in FY12 was \$245 million, compared to \$249 million in FY11.

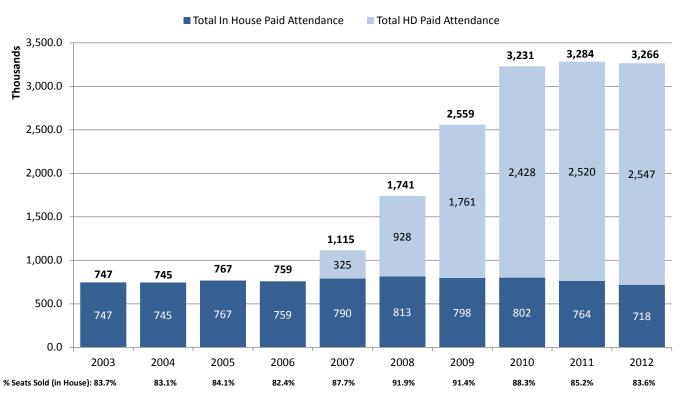

The FY12 operating budget was balanced; FY11 showed a surplus of \$0.6 million.

Net assets, however, showed a decrease in FY12, in large part because of a \$55.3 million increase in the unfunded liability of the Met's defined benefit pension plan, caused mostly by historically low interest rates. In addition, funds released from temporarily restricted net assets exceeded new additions by about \$30.6 million; this contrasts with the prior year, when new additions exceeded funds released by \$38.3 million. Finally, endowment investment earnings fell short of the authorized spending withdrawal by \$17.3 million. Net assets were \$163.9 million at the end of FY12 and \$256.9 million at the end of FY11.

	2003	2004	2005	2006	2007	2008	2009	2010	2011	2012

Independent Auditors' Report

The Board of Managing Directors

Metropolitan Opera Association, Inc.:

We have audited the accompanying consolidated balance sheets of the Metropolitan Opera Association, Inc. (the Met) as of July 31, 2012 and 2011, and the related consolidated statements of activities and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Met's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Met's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Metropolitan Opera Association, Inc. as of July 31, 2012 and 2011, and the changes in its net assets and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

KPMG LLP

Notes to Consolidated Financial Statements

Years ended July 31, 2012 and 2011

(1) Organization, Business Matters, Financial Statement Presentation, and Summary of Significant Accounting Policies

ORGANIZATION

The Metropolitan Opera Association, Inc. (the Met) is a not-for-profit membership corporation incorporated in the State of New York, and organized for the primary purpose of sustaining, encouraging, and promoting musical art, and educating the general public about music, particularly opera.

The Met has a wholly owned for-profit subsidiary, Impresario, LLC, that commenced operations in fiscal year 2001 to develop and license box office and development software to other not-for-profit organizations. The consolidated financial statements also include the Metropolitan Opera Endowment Trust (the Trust). The Trust is governed by a Trust Committee. Vacancies on the Trust Committee, which governs the Trust, are filled by the Met's appointment.

BUSINESS MATTERS

For the fiscal year ended July 31, 2012, the Met's unrestricted net assets decreased by \$57.3 million, primarily due to a \$55.3 million increase in the unfunded accumulated benefit obligation. The other unrestricted net assets deficit decreased slightly from \$50.4 million to \$49.3 million.

The line of credit as discussed in note 5 has been extended to August 31, 2013. Any outstanding principal and interest is due at the line's expiration date. At December 5, 2012, the amount outstanding under the line of credit was \$30 million. Based upon the most recent information available and the Met's actions taken to improve access to cash and reduce costs, the Met estimates that it has sufficient liquidity through July 31, 2013 to support operations.

FINANCIAL STATEMENT **PRESENTATION**

The consolidated financial statements of the Met are presented using the accrual basis of accounting. All intercompany balances and transactions have been eliminated in consolidation.

(a) Net Asset Classifications

The Met's consolidated financial statements present information regarding its financial position and changes in net assets in three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

- Unrestricted Includes all resources over which the Board of Managing Directors has discretionary control.
- Temporarily restricted Includes net assets subject to donor imposed restrictions that permit the Met to expend the assets as specified. The restrictions are satisfied either by the passage of time or by actions of the Met in accordance with those specified by the donor. Restricted contributions and investment income from endowment funds whose restrictions are met in the same reporting period are reported as increases in unrestricted net assets. To the extent not satisfied in the same period, the Met reports contributions that must be used to acquire property and equipment as temporarily restricted net assets. When the restriction has been satisfied and the acquired assets are placed in service, the temporarily restricted net assets are reclassified to unrestricted net assets.
- Permanently restricted Includes net assets subject to donor imposed restrictions that stipulate that the original contribution be maintained permanently, but permits the Met to expend part or all of the income, and in some cases all or part of the appreciation, derived for either specified or unrestricted purposes. In addition, permanently restricted net assets include certain gifts that require the use of a spending rate (see note 7).

(b) Presentation of Revenues and Expenses

The following is an explanation of certain revenue and expense categories presented in the consolidated statements of activities:

- Opera activities Revenues and expenses directly related to the production and presentation of opera performances.
- Ballet and other presentations Revenues and expenses directly related to the presentation of attractions other than opera, where the Met either presents the attractions or licenses the Metropolitan Opera House at Lincoln Center (the Opera House) to third parties.
- Opera House Expenses directly related to managing and operating the Opera House. The majority of Opera House expenses relates to program activities.
- General management Expenses related to the overall operation of the Met that are not related to any single program or other supporting service
- Fundraising Expenses related to the solicitation of contributions to the Met.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies:

(c) Cash Equivalents and Cash Flows

Cash equivalents include short-term investments purchased with original maturities of three months or less, except for those cash equivalents held for long-term investment purposes. Contributions of donated financial assets that are not restricted for long-term purposes and are sold immediately are reported as operating activities in the statements of cash flows. Otherwise, such amounts are reported as investing or financing activities.

(d) Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Inputs to the valuation techniques used to measure fair value are prioritized by giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Met has the ability to access at the measurement date

Level 2 Inputs other than quoted prices included in Level 1 that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active and investment funds that are redeemable at or near the balance sheet date

Level 3 Inputs that are unobservable and investment funds that are not redeemable at or near the balance sheet date

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The fair value of the Met's investments is presented in note 3. The carrying value of the Met's other financial instruments approximate fair value.

(e) Investments

Investments in marketable equity securities in managed accounts and debt securities, and exchange traded mutual funds, are reported at fair value based on quoted market prices.

The fair value of the Met's interest in common trusts, business trusts, and other alternative investments is reported at net asset value. The Met reviews and evaluates the values provided by the investment managers and agrees with the valuation methods and assumptions used in determining the net asset values of these investments. These estimated fair values may differ significantly from the values that would have been used had a ready market for these securities existed. Most investments classified in Levels 2 and 3 consist of shares or units in investment funds as opposed to direct interests in the funds' underlying holdings, which may be marketable. Because the net asset value reported by each fund is used as a practical expedient to estimate the fair value of the Met's interest therein, its classification in Level 2 or 3 is based on the Met's ability to redeem its interest at or near July 31. If the interest can be redeemed in the near term, the investment is classified as Level 2. The classification of investments in the fair value hierarchy is not necessarily an indication of the risks, liquidity, or degree of difficulty in estimating the fair value of each investment's underlying assets and liabilities.

(f) Property, Equipment, and Depreciation

Property and equipment including leasehold improvements are carried at cost, less accumulated depreciation or amortization. Depreciation and amortization are recorded as operating expenses using the straight-line method based on estimated useful lives of 5 to 30 years.

(g) Income Taxes

The Met is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Management believes that the Met will continue to be exempt from taxes and that the Met has taken no significant uncertain tax positions.

(h) Split-Interest Agreements

The Met receives contributions in the form of charitable gift annuities, under which the Met agrees to pay the donor or the donor's designee a fixed amount for a period of time. The obligation is recorded at its present value in other liabilities. The difference between the assets received and the obligation is reported as unrestricted contribution revenue.

The Met has interests in charitable remainder and other trusts, and remainder interests in a pooled income fund held by a third-party trustee. These interests are reported at their present value and, when received, are included in temporarily or permanently restricted contribution revenue, depending on donor restrictions. (Charitable gift annuities, other charitable remainder trusts and pooled income funds are discounted based on the rate at the time of the gift.)

(i) Box Office, Tour Revenues, and Media Revenues

Ticket sales are recognized in the consolidated statements of activities as box office revenue on a specific performance basis. Advance ticket sales, representing the receipt of payments for subscription ticket sales for the next opera season, are reported as deferred revenue in the consolidated balance sheets. Tour revenue is recognized in the year the tour takes place. Media revenue is recognized in the year the showing takes place.

(j) Operating Expenses

In accordance with policies generally followed by performing arts organizations, costumes and scenery costs for recurring productions are charged to expense when incurred. Production costs (labor and materials) relating to future new productions are deferred until the year in which the production is first presented.

Marketing expenses for the Met's programs are charged to expense as incurred, except for direct response marketing and other expenses incurred related to the following season when the related revenues are recognized. Such deferred costs were approximately \$1.15 million and \$1.25 million at July 31, 2012 and 2011, respectively. Total marketing expenses recognized were \$14.6 million and \$14.9 million in 2012 and 2011, respectively. Such amounts, which represent management and general activities, are included in performance expense in the accompanying consolidated statements of activities.

On occasion, the Met provides tickets for fund-raising and media purposes at no cost. The value of these tickets is approximately \$1,104,000 and \$947,000 in 2012 and 2011, respectively, and appears in both revenue and expenses in the accompanying consolidated statements of activities. The revenue is included as part of box office revenue; the expenses appear as performance, media, or fund-raising expenses.

(k) Contributions and Bequests

Contributions and unconditional promises to give are reported as revenues in the period they are received or made, respectively. Contributed securities are recorded at fair value as of the date of the contribution. Unconditional bequests (donations received under terms of a will) are reported as revenues when notification of the bequest is received and the amount is reasonably determinable and the probate court declares the will valid. Contributions to be received after one year are discounted to present value. Amortization of the discount is recorded as additional contribution revenue in accordance with the donor imposed restrictions, if any, on the contributions.

In fiscal 2010, the Met established the Opera Company Fund (the Fund) with a \$110 million goal as part of a larger fundraising campaign. Through July 31, 2012, the Met has raised \$90.5 million under the Opera Fund campaign. Contributions to the Fund are recognized as unrestricted revenue up to a cumulative limit each year, as predetermined by the Met's Board of Managing Directors and communicated to donors: \$15.0 million through 2010; \$38.75 million through 2011; \$62.5 million through 2012; \$86.25 million through 2013; and \$110 million through 2014. Cumulative gifts to the Fund in excess of these limits, if any, will be recognized as temporarily restricted net assets and released as the limits permit.

(l) Derivative Instruments

The Met reports all derivative financial instruments at fair value. Changes in the fair value of derivative instruments are recognized as a change in net assets in the period of change. The Met utilizes an interest rate-related derivative instrument to manage its exposure on adjustable rate long-term debt, as more fully discussed in note 5 to the consolidated financial statements. The fair value of the derivative instrument held is based upon a value provided by an investment banking institution.

(m) Measure of Operations

The Met's excess (deficiency) of operating revenues over operating expenses (the Measure of Operations) includes all unrestricted operating revenues and expenses that are an integral part of its programs and supporting activities, including unrestricted contributions and net assets released from donor restrictions to support its operating activities. The Measure of Operations also includes distributions from the endowment made in accordance with the Met's spending policy. The Measure of Operations excludes net gains and losses on the endowment, which exceed or are less than the distribution determined by the spending policy, retirement plan adjustments, change in the fair value of the interest rate swap, capital contributions, changes in the value of splitinterest agreements, and nonrecurring activities. The Measure of Operations also excludes unrestricted bequests in excess of the amount required to fund approved budgeted costs and expenditures. In 2012 and 2011, bequests appropriated for operations from prior year bequests were \$1,104,000 and \$3,346,000, respectively and is included in investment return and bequests authorized spending amount.

(n) Use of Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates and assumptions include allowances for uncollectible receivables, the present value of multi-year contributions receivables, the valuation of investments, actuarial assumptions, valuation of interest rate swap, and the allocation of expenses to functional classifications.

(o) Risks and Uncertainties

The Met invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the consolidated financial statements.

(p) Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

(2) Contributions Receivable

Contributions receivable as of July 31 are scheduled to be collected as follows (in thousands):

	2012	2011
Within one year	\$ 38,568	49,183
One to five years	34,474	41,839
More than five years	 12,329	15,929
Total	85,371	106,951
Less allowance for uncollectibility	(362)	(335)
Less discount to present value (average discount rate used is 1.69%		
and 3.4% for 2012 and 2011, respectively)	 (3,719)	(3,295)
	\$ 81,290	103,321

In 2012 and 2011, contributions receivable include approximately \$48.1 million and \$66.3 million, respectively, due from ten donors.

(3) Investments

Investments consist of the following as of July 31 (in thousands):

	2012	2011
Endowment investments:		
Cash equivalents and	* 44.004	20.700
short-term investments	\$ 11,881	30,790

	\$ 262,607	282,621

Information with respect to investment strategies and redemption terms for alternative investments, including common trust funds and business trusts, (referred to as alternative investments) in 2012 is as follows:

Fixed income – common trust fund: includes an investment, where diversification is used to reduce risk. The strategy used by this fund is treasury inflation protected securities. Redemption is allowed daily.

Global equities business trust: includes an international equity investment which permits monthly redemptions.

Inflation-sensitive common trust fund: This fund invests in areas that seek to offer strong relative performance against inflation. Redemption is allowed monthly.

Multi-strategy – limited partnerships: One multi-strategy fund seeks to deliver superior risk-adjusted returns over a multi-year period with an absolute return orientation. Redemptions are available without fees on three-year anniversary dates. Another fund's goal is to achieve position annual returns superior to long-term equity market returns with low beta and low volatility. Redemption is allowed annually. Notice for a full redemption effective October 31, 2012, is in process.

Long/short equity - limited partnerships: The long/short hedge funds seek appreciation through investments in a number of long/short equity positions. Redemptions are available at certain periods during the year.

Distressed securities - limited partnerships: A distressed hedge fund seeks to achieve superior risk-adjusted returns over time primarily through investment opportunities that are generated by the various phases of the credit cycles. One fund is in the stage of making quarterly distributions as investments are liquidated. The other distressed fund provides for annual redemptions.

Global equities – limited partnership: This investment's objective is to achieve compound annual long-term returns that are superior to the Morgan Stanley World Cap Index; however, it is not managed to mirror the geographic or industry composition of any index. The initial commitment is nonredeemable for 60 months expiring July 31, 2016.

Private equity: includes investments that are focused exclusively on the financial services sector and funds that are in liquidation status via special purpose vehicles. In 2012, a new investment was added whose purpose is to make capital investments by investing primarily in companies related to China, Hong Kong, or Taiwan. Redemptions are issued periodically as determined by the manager.

The Met's other real estate investment includes a real estate property held by the Met for investment purposes.

Investment activity is summarized below for the years ended July 31, 2012 and 2011 (in thousands):

	2012	2011
Investments, beginning of year	\$ 282,621	277,492
Investment return: Interest and dividends	3,542	5,268
Net gains	868	22,917
Less investment expenses	(617)	(788)
Investment return	3,793	27,397
Gifts and other additions	9,934	8,541
Amounts utilized for operations	(33,741)	(30,809)
Investments, end of year	\$ 262,607	282,621

Investment return is presented as follows for the years ended July 31 (in thousands):

	2012	2011
Investment return and bequest authorized spending amount	\$ 21,920	21,420
Other investment return included in other income	285	901
Investment return (less) greater than authorized spending amount	(18,412)	5,076
Investment return	\$ 3,793	27,397

At July 31, 2012, the Met had outstanding commitments, net of investments already made, to invest in a private equity fund totaling \$299 thousand.

The following represents management's estimate of the remaining life of the (nonredeemable) limited partnerships held in the Met's investment portfolio at July 31, 2012 and 2011 (in thousands):

	 2012	2011
1 – 5 years	\$ 21,020	4,942
6 – 12 years	 4,689	2,752
	\$ 25,709	7,694

The redeemable alternative investment funds included in the Met's investment portfolio at July 31, 2012 and 2011 are redeemable based on the following terms and conditions (in thousands):

		2012	2011
Daily redemption with 1 day's notice	\$	6,252	17,023
Monthly redemption with 15 days' notice		14,582	15,665
Quarterly redemption with 45 – 90 days' notice		22,255	22,963
Quarterly redemption (subject to lock-up))	11,023	19,127
Annual redemption with 45 – 90 days' notice		18,026	18,264
10 70 days floates	\$	72,138	93,042

The following tables present the fair value hierarchy of assets that are measured at fair value on a recurring basis at July 31, 2012 and 2011 (in thousands):

			.,000		(2,0)	000	. /
Purchases and redemptions, net		(2,500)	(1,166)	_	(22)	_	(3,688)
• •		(2,500) (14,422)					

Interests in split-interest agreements increased by new agreements of \$2,268,000, decreased by terminated agreements of approximately \$56,000 and increased by net investment losses of \$38,000.

(4) Property and Equipment

Property and equipment as of July 31 are summarized by major classification as follows (in thousands):

		2012	2011
Land	\$	91	91
Warehouses		1,773	1,773
Leasehold improvements		22,578	21,106
Furniture and fixtures, including information systems equipment		29,943	26,950
Theatrical equipment		41,925	40,174
Construction in progress		2,222	3,797
		98,532	93,891
Less accumulated depreciation			
and amortization		(56,453)	(52,089)
	\$_	42,079	41,802

(5) Long-Term Debt and Line of Credit

In 2011, the Met refinanced a bank loan in the amount of \$35 million. The principal balance as of July 31, 2012 and 2011 was approximately \$33.7 million and \$34.9 million, respectively. The loan requires collateral equal to the principal balance. The amount of collateral at July 31, 2012 was approximately \$47.7 million (\$37.7 million in endowment investments and \$10 million in Met artwork). The interest rate for the term of the loan is equal to adjusted one-month LIBOR plus 0.76%. Interest expense was approximately \$1.2 million and \$1.8 million for 2012 and 2011, respectively, and is included in general management expenses.

The scheduled payments relating to long-term debt are as follows (in thousands):

	Amount
Year(s) ending July 31:	
2013	\$ 1,289
2014	1,334
2015	1,380
2016	 29,651
	\$ \$33,654

Effective June 2011, the Met executed an interest rate swap agreement (the Agreement) to manage its exposure on its adjustable rate debt. The Agreement, expiring on June 20, 2016, calls for the Met to pay the counterparty a fixed rate of 3.365% on the outstanding notional amount, which is equal to the outstanding principal balance on the underlying loan. The Met has the option to terminate the Agreement at any time, in whole or in part, subject to a termination fee. The fair value of the interest rate swap was a liability of \$2.6 million and \$1.8 million at July 31, 2012 and 2011, respectively, and is considered to be

Level 2 in the fair value hierarchy. Such amount is included in other liabilities.

The Met maintains a bank line of credit of \$30 million, which is renewable annually in August. The agreement requires that borrowings under the line of credit be reduced to \$7.5 million during any 30-day period. Borrowings under the line bear interest at LIBOR plus 1.50%. The line of credit is charged a fee of 0.25% on the unborrowed portion of the line. Interest expense related to borrowings under the line of credit was approximately \$404,000 and \$359,000 for 2012 and 2011, respectively, and is included in general management expenses. At July 31, 2012 and 2011, the amount outstanding under the line of credit was \$25 million and \$18 million, respectively.

(6) Retirement Plans

The Met has a defined benefit pension plan (the Plan), which covers many of its employees. Benefits are based on years of service and employees' compensation. The Met uses a July 31 measurement date.

The Met's policy is to fund amounts not less than the minimum statutory funding requirements. The Met recognizes the Plan's funded status as an asset or a liability and recognizes the changes in its funded status in the year in which the changes occur through a separate line within the change in unrestricted net assets, apart from expenses, to the extent those changes are not included in the net periodic cost.

Financial information regarding the Plan as of July 31 follows (in thousands):

2012

2011

		2012	2011

Unrecognized prior service cost	\$	18,159	21,847
Unrecognized net loss	13	34,242	76,394
Total	<u>\$ 15</u>	52,401	98,241
Weighted average assumptions used to determine net periodic benefit costs: Discount rate Expected long-term return on plan	assets	5.03% 8.00	5.17% 8.00
Weighted average assumptions used to determine benefit obligations:		2.470/	F 020/
Discount rate		3.47%	5.03%

The net loss expected to be recognized as a component of net periodic pension cost over the next twelve months is \$12,891,000. This includes the amortization of the net loss and the amortization of prior service costs.

The accumulated benefit obligation for the Plan at July 31, 2012 and 2011 was \$280,189,000 and \$220,444,000, respectively.

The Met expects to contribute \$10,324,000 to the Plan in fiscal year 2013. Benefit payments, which reflect expected future service as appropriate, are expected to be paid as follows (in thousands):

	_Amount
Year(s) ending July 31:	
2013	\$ 12,117
2014	12,477
2015	12,828
2016	13,420
2017	13,795
2018 – 2022	72,556

The expected long-term rate of return for the Plan's total assets is based on the Plan's investment policy. The investment policy is to maximize the rate of return on assets with the objective of ensuring a total return that will preserve and enhance the principal and provide sufficient liquidity to meet benefit obligations. In order to minimize risks, the Plan's assets are diversified within the fixed income and equity portions of the portfolio. The Plan's weighted average asset allocations at July 31, 2012 and 2011 by asset category are as follows:

	TARGET POLICY	PERCEN PLAN A	ITAGE OF SSETS
ASSET CATEGORY	ALLOCATION	2012	2011
Domestic and international fixed income	0% – 40%	23%	20%
Domestic and international equity	0 – 50	77	80
Alternative assets and private equity	0 – 25		
Total		100%	100%

The following table presents the fair value hierarchy of the pension assets that are measured at fair value on a recurring basis at July 31, 2012 (in thousands):

	20	12 Tota	Level 1	Level 2	Level 3
Pension assets:					
Cash equivalents and short-term investments	\$	1,746	1,746	_	_
Fixed income – mutual fund		9,881	9,881	_	_
U.S. equity:

The following table presents the Met's activity for pension assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) at July 31 (in thousands):

	 2012	2011
Beginning balance	\$ 201	544
Net depreciation in fair value	(47)	(88)
Purchases and redemptions, net		(255)
Ending balance	\$ 154	201

Certain employees not covered by the Plan are covered by multi-employer plans as part of collective bargaining agreements. Amounts contributed to these union plans were \$5,031,000 and \$4,839,000 in 2012 and 2011, respectively. A summary of these plans follows:

- The Met participates in a multi-employer union pension plan, the Pension Fund of Local No. 1 of I.A.T.S.E. The most recent Pension Protection Act (PPA) zone status as of January 31, 2012 reports that the plan's funded percentage is 95.1% and that it is in the green zone. The zone status is based on information from the respective unions and, as required by the PPA, is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded, and plans in the green zone are at least 80% funded. The expiration of the collective bargaining agreement requiring contributions to the plan is July 31, 2014. The contributions by the Met to the union pension fund were \$3,342,000 and \$3,360,000 for the years ended July 31, 2012 and 2011, respectively.
- The Met participates in a multi-employer union pension plan, the Pension Fund of Local 764 I.A.T.S.E. As of the January 31, 2012 valuation, the plan's funded percentage is 116.9% and it is in the green zone. The expiration of the collective bargaining agreement requiring contributions to the plan is July 31, 2014. The contributions by the Met to the union pension fund were \$548,000 and \$482,000 for the years ended July 31, 2012 and 2011, respectively.
- The Met participates in a multi-employer union pension plan, the American Federation of Musicians and Employers' Pension Fund. As of the April 31, 2011 valuation, the plan's funded percentage is 91.7%; however, the plan is considered to be in critical status because the plan is projected to have an accumulated funding deficiency for the Plan year ending March 31, 2019. The expiration of the collective bargaining agreement requiring contributions to the plan is July 31, 2014. The contributions by the Met to the union pension fund were \$548,000 and \$427,000 for the years ended July 31, 2012 and 2011, respectively.
- Amounts contributed to eight other union plans amounted to \$593,000 and \$570,000 for the years ended July 31, 2012 and 2011, respectively. The expiration of the collective bargaining agreements requiring contributions for five of these plans is July 31, 2014. Two agreements expired July 31, 2011 and extension agreements were signed. One agreement expired in 2006 and a new agreement is not in place.

(7) Net Assets

(a) Temporarily Restricted Net Assets

Temporarily restricted net assets are available for specified purposes or are time restricted as of July 31 as follows (in thousands):

		2012	2011
Program activities: A combination of new productions, tours, educational, or audience outreach programs	\$	3,386	5,088
Bridge/Opera Company fund (future operations)		28,004	53,636
New productions		29,546	39,682
Telecasts		12,266	11,376
Save the Met Broadcasts		15,149	17,421
Young artists and other specified activ	vities	8,593	9,717
New York Season (time restricted)		20,682	20,226
Interests in charitable trusts and pooled income funds (time restricted)		13,824	11,827
Golden Horseshoe and other (time restricted)	\$	3,564 135,014	4,654 173,627

(b) Permanently Restricted Net Assets

Permanently restricted net assets as of July 31 consist of endowment contributions and interests in charitable trusts from which investment income is or will be available to support unrestricted or donor specified activities, as follows (in thousands):

	2012	2011
Income for:		
New York Season (unrestricted)	\$ 110,279	110,645
New productions	66,275	67,597
Telecasts	13,683	13,985
Young artists	20,163	14,271
Other specified activities	9,089	10,137
	\$ 219,489	216,635

Included in permanently restricted net assets are two donor restricted gifts that require the use of a spending rate to be applied to such funds. Investment income greater than the spending rate is required to be reinvested in the fund and, accordingly, is classified as permanently restricted. At July 31, 2012 and 2011, the value of such funds included in permanently restricted net assets was \$50.9 million and \$52.8 million, respectively.

(8) Endowment Funds

The Met's endowment consists of approximately 250 individual funds established for a variety of purposes including both donor restricted endowment funds and funds designated by the Met to function as endowment funds, and related net assets are classified and reported based on the existence or absence of donor imposed restrictions.

In September 2010, New York State enacted the New York Prudent Management of Institutional Funds Act (NYPMIFA). The Met is subject to NYPMIFA and in the case of the Trust, the New York State trust laws. The Met has interpreted NYPMIFA as allowing it to appropriate for expenditure or accumulate so much of the donor restricted endowment fund as is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established, subject to the intent of the donor as expressed in the gift instrument absent explicit donor stipulations to the contrary. Accounting guidance associated with the enactment of NYPMIFA as set forth in Accounting Standards Codification (ASC) 958, Section 205-45, Classification of Donor Restricted Endowment Funds Subject to UPMIFA, requires the portion of a donor restricted endowment fund that is not classified as permanently restricted to be classified as temporarily restricted net assets until appropriated for expenditure in a manner consistent with the standard of prudence prescribed by NYPMIFA. The adoption of the ASC's guidance resulted in a \$1,706,000 reclassification from unrestricted to temporarily restricted net assets in 2011.

The investment objective of the Met's investment portfolio is to provide that future growth of the portfolio is sufficient to offset normal inflation plus reasonable spending, thereby preserving the constant dollar value and purchasing power of the endowment fund. The objective of the investment program is to enhance the portfolio's long-term viability by maximizing the value of the portfolio with prudent level of risk. The assets are managed on a total return basis. The Investment Committee of the Board of Managing Directors has adopted long-term asset allocation policy mid-range targets for equities, fixed income, and alternative investments.

The Met's Board of Managing Directors approved a spending policy under which a predetermined amount of investment return is authorized to fund current operations. This spending amount represents the Met's determination of a prudent amount of the fair value of the endowment investments available as needed for current operations. This determination is made in accordance with NYPMIFA and New York State trust laws.

From time to time, the fair value of assets associated with donor-restricted endowment funds may fall below the historic dollar amount of the fund. Deficiencies of this nature that are reported in unrestricted net assets totaled \$10.3 million and \$8.1 million as of July 31, 2012 and 2011, respectively.

This deficiency results from unfavorable market fluctuations subsequent to the investment of permanently restricted contributions. Subsequent gains that restore the fair value of the assets of the donor-restricted endowment fund to the required level will be classified as an increase in unrestricted net assets.

The Met's endowment fund consists of the following at July 31, 2012 (in thousands):

	Temporarily Permanently				
	Unrestricted	restricted	restricted	Total	
Donor-restricted	\$(10,317)	25,055	205,571	220,309	
Board-designated	15,755			15,755

(9) Commitments and Contingencies

The Met has a letter of credit with a bank in the amount of \$9.6 million, which serves as security with the Hartford Insurance Company for unpaid workers' compensation claims.

The Opera House is leased, under an operating lease agreement, from Lincoln Center for the Performing Arts, Inc., until the year 2016, with renewal options for two additional 25-year periods. Under the terms of the lease, the Met is obligated to pay the expenses of maintaining and operating the Opera House and the Met's portion of the expenses for the common facilities of Lincoln Center.

(10) Related Party

The Metropolitan Opera Guild (the Guild) is an independent not-for-profit organization that, in addition to carrying out its own educational program activities, makes contributions to the Met. Certain officers of the Guild are members of the Met's Board of Managing Directors. The Met also maintains the membership records of the Guild and the Guild remits to the Met its membership revenues less the operating expenses of its magazine. Included in contributions receivable is approximately \$765,000 and \$1,335,000 due from the Guild at July 31, 2012 and 2011, respectively.

(11) Subsequent Events

In connection with the preparation of the consolidated financial statements, the Met evaluated events after the consolidated balance sheet date of July 31, 2012, through December 5, 2012, which was the date the consolidated financial statements were available to be issued and has concluded that there are no subsequent events requiring disclosure, except as follows:

On November 15, 2012, the Board of Managing Directors approved the issuance and sale of up to \$100,000,000 of Metropolitan Opera Taxable Bonds to refinance certain existing indebtedness, finance certain capital and operating expenditures and for general corporate purposes.

Our Patrons

2011–12 Patrons

The Metropolitan Opera acknowledges with deep appreciation the extraordinary support of its Patrons, who each season assure continuity in the Met's high artistic and performance standards.
