An Illustrated Synopsis of *The Magic Flute*

Prince Tamino is being chased by a giant serpent. After he collapses in fear, three ladies appear and slay the monster. They admire Tamino, then leave to tell their mistress, the Queen of the Night, about him.

Tamino wakes up and meets the birdcatcher Papageno, who boasts that he is the one who killed the monster.

The Queen of the Night appears and recruits Tamino to rescue her daughter, Pamina, who has been kidnapped by the evil sorcerer Sarastro. Tamino falls in love with Pamina even before meeting her.

The three ladies give a magic flute to Tamino and silver bells to Papageno to help them on their mission. They also appoint three wise spirits to guide them on their way.

Meanwhile, Pamina is being held in Sarastro's temple. Monostatos, one of Sarastro's minions, wants Pamina all to himself, but Papageno arrives just in time and scares him off.

Tamino learns that it is the Queen of the Night, not Sarastro, who is evil. Tamino meets up with Pamina and Papageno, but before they can escape together...

Sarastro enters. He is actually a good and just ruler, and he punishes Monostatos for his bad behavior and promises to set Pamina free. But first, Tamino must undergo a series of trials and tests.

Now on her own in Sarastro's temple, Pamina is surprised when her mother, the Queen of the Night, appears. The Queen orders Pamina to kill Sarastro and gives her a dagger.

Tamino and Papageno begin their trials together, but Papageno soon becomes distracted. Tamino continues on with the help of the three spirits.

An old lady appears and flirts with Papageno, and although he would prefer a better match, he eventually agrees to be faithful to her. The old lady is suddenly transformed into the beautiful Papagena, but then disappears.

Tamino continues his trials with Pamina at his side. Together, they prevail over the tests of fire and water. Tamino's magic flute helps protect them.

The Queen of the Night, her three ladies, and Monostatos are defeated. Tamino and Pamina, Papageno and Papagena, and Sarastro, along with his whole court, celebrate the triumph of virtue.

Wolfgang Amadeus Mozart

The Magic Flute

Premiere: Freihaus-Theater auf der Wieden, Vienna, 1791

The Magic Flute is the Met's abridged English-language version of Mozart's *Die Zauberflöte*, a sublime fairy tale that moves freely between earthy comedy and noble mysticism. Mozart wrote the opera for a theater located just outside Vienna with the clear intention of appealing to audiences from all walks of life. The story is told in a Singspiel ("song-play") format characterized by separate musical numbers connected by dialogue and stage activity, an excellent structure for navigating the diverse moods, ranging from solemn to lighthearted, of the story and score. The composer and the librettist were both Freemasons—the fraternal order whose membership is held together by shared moral and metaphysical ideals—and Masonic imagery is used throughout the work. The story, however, is as universal as any fairy tale.

The Creators

Wolfgang Amadeus Mozart (1756–1791) was the son of a Salzburg court musician and composer, Leopold, who was also his principal teacher and exhibited him as a musical prodigy throughout Europe. His achievements in opera, in terms of beauty, vocal challenge, and dramatic insight, remain unsurpassed, and his seven mature works of the genre are pillars of the repertory. He died tragically young, three months after the premiere of *Die Zauberflöte*, his last produced opera. (*La Clemenza di Tito* had its premiere three weeks before *Die Zauberflöte*, but its score was completed later.) The remarkable Emanuel Schikaneder (1751–1812) was an actor, singer, theater manager, and friend of Mozart's. He suggested the idea of *Die Zauberflöte*, wrote the libretto, staged the work, and sang the role of Papageno in the initial run. After Mozart's death, Schikaneder opened the larger Theater an der Wien in the center of Vienna, a venue that has played a key role in the city's musical life from the time of Beethoven to the present day. The former main door of the theater is called the "Papageno Gate," a tribute to both men. The English translation for the Met's abridged version of *The Magic Flute* is by American poet and librettist J. D. McClatchy.

The Setting

The libretto specifies Egypt as the location of the action. That country was traditionally regarded as the legendary birthplace of the Masonic fraternity, whose symbols and rituals populate this opera. Some productions include Egyptian motifs as an exotic nod to this idea, but most opt for a more generalized mythic ambience to convey the otherworldliness that the score and overall tone of the work call for.

The Music

Die Zauberflöte was written with an eye toward a popular audience, but the varied tone of the work requires singers who can specialize in several different musical genres. The comic and earthy is represented by the baritone Papageno in his delightful arias "I'm Papageno" ("Der Vogelfänger bin ich ja") and "A Cuddly Wife or Sweetheart" ("Ein Mädchen oder Weibchen"), with its jovial glockenspiel accompaniment. (The instrument was hardly trivial to the score, considering Mozart himself played it at several performances in the initial run.) Papageno meets his comic match in the "Bird-Girl" Papagena and their funny (but rather tricky) duet "Pa-Pa-Pa-Pa." True love in its noblest forms is conveyed by the tenor, Tamino, in his ravishing aria "This Portrait's Beauty" ("Dies Bildnis") and the soprano, Pamina, in the deceptively transparent "Now My Heart Is Filled with Sadness" ("Ach, ich fühl's"). The bass, Sarastro, expresses the solemn and the transcendental in his noble "Within Our Sacred Temple" ("In diesen heil'gen Hallen"). The Three Ladies have much ensemble work of complex beauty, and even the short scene for the Three Spirits singing to the sunrise has a unique aura of hushed beauty well beyond the conventions of standard popular entertainment of the time. The use of the chorus is spare but hauntingly beautiful. The vocal fireworks are provided by the coloratura Queen of the Night with her first aria, "My Fate is Grief" ("O zittre nicht"), and the more familiar "Here in My Heart" ("Der Hölle Rache").

Met History

The Met has a remarkable history of distinguished productions of *Die Zauberflöte* with extraordinary casts. The opera was first given here in 1900 in Italian and featured Emma Eames, Andreas Dippel, and Pol Plançon. In 1941 a new production in English featured Jarmila Novotná, Charles Kullman, Alexander Kipnis, Friedrich Schorr, and a young Eleanor Steber as the First Lady. It was conducted by Bruno Walter, directed by Herbert Graf, and designed by Richard Rychtarik. The legendary 1967 production, with designs by Marc Chagall, featured Josef Krips conducting Pilar Lorengar, Nicolai Gedda, Lucia Popp, Hermann Prey, Morley Meredith, Rosalind Elias, and Jerome Hines. The Mozart anniversary year of 1991 saw the debut of a production designed by David Hockney and directed by John Cox and Guus Mostart, with James Levine conducting Kathleen Battle, Francisco Araiza, Luciana Serra, Kurt Moll, and Manfred Hemm. The present production by Julie Taymor opened in 2004 with James Levine conducting a cast including Dorothea Röschmann, Matthew Polenzani, L'ubica Vargicová, Rodion Pogossof, and Kwangchul Youn. The abridged English-language version was first seen in 2006.

A Note from the Translator

Ideally, a translation of an opera should be tailored to fit the production. If a director wants Tamino in a powdered wig and frock coat enacting an allegory of Masonic beliefs, that would suggest one kind of translation. If, on the other hand, the director sets the opera in Disneyland, with Tamino in jeans and an iPod for his magic flute, a very different verbal style would be called for. Fortunately, for this enchanting Met production, Julie Taymor (and I can't help but think this is exactly what Mozart and Schikaneder would have wanted) chose the timeless world of the fairy tale, with its deliberate mix of high romance and low comedy, of mystery and mayhem. My task was to dress it in an English that fits.

To be avoided at all costs was the usual opera-ese (“Wilt thou to the palace with me now go, most valiant prince?”), which can often make opera-in-English sound stranger than in the original language. After all, the style of a translation affects how an audience understands and sympathizes with—or not—the characters on stage. Stiff diction and forced rhymes can make a character seem wooden and remote and thereby distort important emotional balances in the structure of the opera.

Of course, it is not an “opera” one is translating, but a combination of very distinct voices, a set of different characters each with his or her own personality concocted of words and music. Tamino's ardent nobility can at one moment be vulnerable, at another courageous. Pamina's emotions are more complex and have a maturity forced on her by tortuous circumstances. Sarastro's paternal steadiness, the Queen of the Night's grieving hysteria, and Monostatos's oily conniving are starkly different. And Papageno's inimitable range of humorous earthiness yields readily to a kind of “bird-language” all his own.

The style of *The Magic Flute*—a singspiel that intersperses arias and ensembles with scenes of spoken dialogue—gave us another opportunity. For our abridged version (it should be remembered that this opera has been variously shortened and re-arranged in performance for over 200 years), I have wanted both to follow the libretto and to clarify it. This opera's plot has sometimes confused its critics into complaining of inconsistencies, but the word magic is not in its title by accident. As in a dream, an inner logic threads together sudden changes of course or motivation, as the fates of three pairs—Tamino and Pamina, Papageno and Papagena, Sarastro and the Queen of the Night—are slowly entwined and transformed. Still, what in the original can seem arcane or convoluted, I have tried to pose as the elemental struggle between the forces of darkness and light, reason and chaos, and as the triumph of love over adversity and isolation. Papageno finds the maiden beneath the crone, and Tamino finds his love through trial and patience. Each discovers the world is different than it seemed at first. I suppose that, in the end, you might even say this is an opera about translation.
