Una Furtiva Lagrima
from L'elisir D'amore
(for SATB a capella choir)
Gaetano Donizetti
arr. David O

PRONUNCIATION GUIDE:

All vowels should be read as if in Italian, pure simple clear vowels.

The "th'm" should start with the tongue between the teeth, a voiceless "th" as in "thing," however, instead of opening to a vowel, the tongue should pull back and the lips should immediately close to a sung "mmm." The effect should be like a plucked string instrument.
